

WE CARE

When we go on trips, grownups worry that we might get lost. Taking the wrong path can lead to beautiful views but also unexpected dangers. Sometimes in life, people we know of might choose the wrong path too. With their actions, they are not loving God, others and creation. Their actions worry God also!!! God does not want us to judge them. Instead, He wants us to care and correct them lovingly.

- **Take some time to think of people who are not loving God, others and all of creation.**
- **For each person, you thought of you can draw a heart on the path template provided.**
- **Now you can pray to God to help you show His Love to these people who got lost from the community of believers.**
