

# ARMS WIDE OPEN

Strangers are people whom we do not know. Maybe we have never met them before, or we avoid getting to know them because they are different. Feeling like a stranger is not nice. God wants no one to feel left out. Like God we have to have arms wide open for everyone, including new children in our school and people in our neighbourhood.

- Take some time to think of strangers whom you can give a warm welcome. It could be someone in your neighbourhood or at school.
- Write their names on the template provided.
- After you stick the body to the arms template pray God to help you welcome everyone with kind words and actions.
