

BE PREPARED

In Scouting the motto 'Be Prepared' means that you are always in a state of readiness in mind, body and soul to do your duty. Just like torches, mobiles and chargeable devices, we need to recharge ourselves by doing good daily deeds so that we will be prepared to welcome God and share our lives with Him.

- Do you think you ready to welcome God?
- On a charger template, write the words 'Be Prepared' and take some time to think of things which you could do so that you will recharge your self and be prepared for God.
- Now you can ask God to guide you in getting yourself prepared for Him.
