

WIDE AWAKE

Can you remember a time when you stayed wide-awake, fully prepared, eagerly awaiting, because something special was going to happen? It could be when you were going to visit a theme park, before your birthday party, when you could play a video game, when you went on a holiday or when you met someone special.

- Take some time to think of how you would feel if God had to come and visit you unexpectedly. Will he find you wide-awake fully prepared, eagerly waiting for him?
- After drawing an eyeball on each of the two plastic bottle caps, you can stick the two plastic bottle caps onto the face template as a pair of wide-opened eyes.
- Pray God to send people in your life who will encourage you to stay wide-awake, waiting eagerly for the moment when he calls you to dwell with Him forever in Heaven.
