

Hosanna Branch Wavers

1. Outline the children's hand on the green paper (if using white, colour them green afterwards). Make 6-8 outlines.
2. Cut out the handprints.
3. Stick the handprints together, starting with two and building up to make a palm branch.
4. Tape an ice-cream stick to the bottom of the branch securely with the cello-tape (if you use two it would be easier to hold)
5. All ready to wave!
