

How to make the flowers

For each flower, you will need

- Green construction paper. Cut 2 hearts for leaves and the stalk.
- Coloured construction paper. Cut 4 hearts for the petals.
- Tissue paper
- Scissors
- Glue
- Pencil
- Glitter pens (if you wish to decocrate the petals)

When you have 6 hearts ready (4 petals and 2 leaves), prepare the stalk.

Fold the petals and the leaves from the middle, to give them shape

Prepare the stalk. So that it firm, fold the construction paper from the middle and glue together

Put a dab of glue at the top of the stalk and fix the first petal. Put another dab of glue and fix the other petal, fix the other two too.

Put another dab of glue in the middle.

Cut a piece of tissue paper and form into a ball, fix it in the middle of the flower.

Fix the leaves on the stalk.
